Service Report

Date: July 27, 2022

Technician: Justin Powers

Client: Northglen HOA

Waterways: 4 ponds

Pond 1: Water level was normal and clarity was poor. No algae noticed.
Treated for perimeter weeds.

Pond 2: No trash noticed. Water level was normal and clarity was poor.
Previous treatments appear effective.

Pond 3: Pond was in good condition. Water level and clarity were normal. Treated perimeter weeds.

Pond 4: Water level and clarity were normal. Checked outflow structure. Picked up minor trash. Previous treatment was effective.

Please call Charles Aquatics with any questions or comments.
